About our Staging Services

“You helped make our home up-to-date and lovely for 2008 buyers and it worked! 54 days to sold! We are so grateful to you for all you did to help secure an amazingly quick sale in this housing market.”

*“As a veteran viewer of ‘Sell This House’ and ‘Designed to Sell,’ I can honestly say Jill Hosking-Cartland of Hosking Interiors is a match for Roger. Jill’s personality and professionalism is the perfect match to put the homeowner/seller at ease and allow simple changes to create the ‘WOW’ factor from potential buyers. **Our home has been on the market for eleven months, and within one week of Jill’s staging, we have received three ‘WOW’s’ and one offer!** Thanks, Jill!”*

Kathi C., Londonderry, New Hampshire

*“How can I possibly thank you for your help staging my home? **My contemporary home had been on the market for seven months without an offer of any kind. I loved the way you made my home look; I got an offer in about 3 weeks, and following that offer, another buyer who also wanted the house was devastated to learn that it was already under contract! You have helped me sell my home in the worst real estate market in thirteen years. It wouldn’t have happened without you, I am confident of that!**”*

Shirneen C., Hampstead, New Hampshire

*“When I met you and you suggested I needed a ‘curbside consultation,’ I was skeptical. My house has been on the market for seven months, and I’m glad I was smart enough to listen to you because you were right. **Your evaluation was completely on target. Once I made the changes you recommended, I had an acceptable offer in 60 days and I closed last week. The next time you have a prospective client who wonders if your services are ‘worth it,’ just have them call me.**”*

Judy C., Londonderry, New Hampshire

*“Our house will be going on the market later today...get ready for a flood of business from all of the people who will come to **see what a marvelous job you did making my house look so lovely! Thank you for all your hard work.**”*
